Pages 509--519 were left to add to the history but nothing was ever found to add, although being back in the land of books after 33 years in Florida with no books due to hurricanes; and 5 years in Hawaii where they didn't even belong to us and certainly never collected histories. The Mormon Church may have had some but they wanted \$5 to get inside the library and would not let me sign up in any of their genealogy classes -- back in the land of books I am sure much could be found, and should be found by someone younger than I am.

Though never physically strong and for many years almost an invalid, she was always cheerful. Her home was always a place of welcome. She enjoyed a large share of the Christian graces, and was ready and willing to go at His Call."

(From Ann Frakes' Scrapbook) "John Clark Esarey of Tobinsport died at his home Sunday, January 20, and was buried at the Upper Cemetery in Polks Bottom Tuesday evening following. He came of one of the old pioneer families of this county. His great-grandfather John Esarey settled in the headwaters of Oil Creek 114 years ago. John C. Esarey was one of a family of twelve children, seven of whom, Mary Ellen Ewing, Sallie Miller, Ann Frakes, Felix, Mark, Jesse and James Esarey, survive. He married Barbara Ewing in 1863 and from this marriage eight children: John E., Sol H., Mary, Charles S., Logan, Rose, Dora and Babe survive. John Esarey was a member of the Home Guard, and took part in the capture of the guerilla raider, Hines, at Leavenworth. Soon after he enlisted in the army and was assigned to Co. G 530 Indiana. He joined his regiment at Atlanta and participated in the march to the sea and the Grant review. Mr. Esarey was usually active in political life, and enjoyed a wide acquaintance in the county. He organized the Deen post G.A.R. at Branchville and when that Post was forced to disband on account of death of members, he transferred his membership to Cannelton. He took great delight in the associates in the G.A.R. Myer Post 152 American Legion; gave their elder comrades a military funeral. He was past 82 years of age at his death."

No children came to bless this union, but she was a true mother to his children and a splendid wife and companion until her death about nine years ago. Since that time he has lived with his children, enjoying his visits to their homes and their companionship. He tired of school teaching and purchased a farm at Tobinsport where he lived for a number of years. Later he went to Alton, still a farmer loving to till the soil and be in the great outdoors. Although not able to do acitive work during more re.cent years he always got homesick for his country home and no matter shere he spent the winter, spring always found him heading back to his farm near Alton where his son Joe resides. He was a devout member of the Alton Baptist Church, exem- plified his Christian experience by his daily life. He was loved and respected by all who knew him and his word was considered as good as his bond. The many old friends and former neighbors who attended his funeral at Tobinsport was evidence of the affection they had for him. Surviving are four children: Mrs. Ella Dhonau of Cannelton; Mrs. Florence Parr of Louisville; Sol Esarey of Wolf Creek, Ky., and Joe Esarey of Alton, two sisters, Mrs. Mary Frakes of Indianapolis and Mrs. Rose Goldman of Mooresville; three brothers, Sol Esarey of Indianapolis, Loban Esarey of Bloomington and Charles Esarey of Waverly, Ind. a brother Babe and a sister Dora having preceded him in death. Fourteen grandchildren and four great-grandchildren and a host of relatives and friends survive. The body was brought to to the Huber funeral home in Cannelton and then taken to the home of his daughter Mrs. Dhonau, where funeral services were held at one o'clock Monday afternoon with continued services at the Baptist church in Tobins- port. Burial was in the Upper Cemetery at Tobinsport. Six of the grandsons served as pallbearers."

 Danville, Ind.
 LL.B. Boston Univ. 1902

Prior to beginning his law studies he had taught school for several years in Cannelton, Ind. and then was an assistant in an attorney's office in that town. On graduating at law school he was admitted to the bar in Indiana and practiced law for two years at Cannelton. From 1904 to 1914 he was assistant reporter for the Indiana Supreme Court. In the latter year he became general counsel for the Knights of Pythias Insurance Department (later American United Life Insurance Co.) and he continued in that position until his retirement in 1936. Following his retirement he devoted his attention to management of a 265 acre orchard which he owned at Mooresville, Ind. Regarded as an authority on apple culture, he lectured frequently on that subject, as well as on the Civil War. He collected a library of several thousand volumes, particularly on the Civil War and American humor, which he donated to Evansville College in 1952. He was a member of the American and Indiana Historical Societies, Sigma Phi, Kappa Delta and the Century Club of Indianapolis Ind. His religious affiliation was with Central Avenue Methodist Church, Indianapolis, at which he taught a Sunday School class of about seventy-five young women for many years. Politically he was a Republican. In addition to his other avocational interests, Esarey enjoyed music and collected phonograph records, and included in his collection were over 3000 early Edison disc records. He was married twice, first in Cannelton Ind. Feb. 8, 1893 to Emma Lula, daughter of James Clark; his first wife died in 1934; secondly in Nashua Iowa Apr. 4, 1936 to Lillie M. daughter of Joseph Ferguson Morris of Attica, Ind. Indianapolis News, Nov. 28, 1960: "The family of
 Mary I. Esarey Frakes, who would have been 93 December 20
 was long associated with the history of Indiana. The
 Esarey family observed its sesquicentennial at Branchville
 this summer. Mrs. Frakes died yesterday in her home, 833
 S. Lyndhurst. Born in Perry County, Mrs. Frakes had lived
 in Indianapolis most of the time since 1907. She was the
 daughter of John Clark Esarey who was with Gen. William
 Sherman on his 'march to the sea'. Her grandfather was
 Jesse Clark Esarey, who, as captain, helped form and train
 a home guard in Perry and surrounding counties and fought
 against Morgan's Raiders, opposing their crossing of the
 Ohio River in the area of Mauckport, Ind. and Brandenburg
 Ky. Her grandfather often spoke of crossing the river on
 a ferry owned by Abraham Lincoln's father. The Esareys
 came to Indiana before the Lincolns. When her great-
 grandfather Jonathan D. Esarey came to Indiana in 1910 he
 swam the Ohio River with his wife and children following
 on horseback. He had 12 sons. Mrs. Frakes was the sister
 of Logan Esarey, Indiana historian, and Sol H. Esarey,
 former Indianapolis attorney. The latter died Nov. 27 at
 7 A.M. six years ago and she died at exactly the same hour
 on the same day of the month.

"In her younger years, Mrs. Frakes was employed at
 Ayres' and at the Fahsley-McCrea millinery firm. An active
 horsewoman at the time of her marriage, she would often
 take her four children, mount two of them in front of her
 and two behind her on the horse and go visit her mother
 several miles away. Each summer for many years, Mrs.

Letter of Mary I. Esarey Frakes, Ruby and Marion
Beaver, Aug. 25, 1960:

"Rupert sent us a copy of Elisha's poetry and the one about Uncle Logan and mother shed tears for a while over them. Mother is talking pretty good again except when someone comes in and then her tongue gets all twisted and she gives up. Her mind seems to be running better and is easier to handle at nights. I gave her a new Toni and it didn't seem to tire her. From the way she seems now, she may live a long time yet.

"She did not know Barbara was coming to the reunion, but Barbara came down last week one afternoon and told her she went. I was over at our other house washing when they came. When I got back, she announced she wasn't going to help with mother any more.So I told her what I told Ivan -- if she can't help she will never get to come here to see her again, so she kissed mother goodbye, and mother didn't even cry when she left nor when Ivan left either. She cried when Leathel came for the day recently and also when Sylvia came from Calif. She always cries when Charley's leave.

"In two more weeks, Beatrice will be through with

Charles Sherman Frakes has done many things over the years. The family moved to Kentucky in about 1904. Then in early 1907 moved to Indianapolis and worked many places. The cotton Mills that were located on White River north of the bridge. The Taggart Baking Company. That was said to have 80% of the bread sales in its day. The Overland Motor Car Company. Then went into World War I in 1918 and was in until late in 1919. He was in France most of this time.

When he returned he went to work for the Marmon Motor Company. Among his many jobs here he was a tester. Took cars on road tests. He also worked on the Dusenbury.

In late 1932 went to Florida, to work on Uncle Sol's groves. He had just set out over one hundred acres of groves, oranges and grapefruit and tangerines. In Sept. 1934 was married and in late 1935 moved back to Indianapolis. He worked for a time with the Stutz Motor Car Company. They closed. In 1938 Marmon and Harrington opened. They specialized in transferring to a four wheel drive. During World War II they made several things. One was tanks. Later they made city and school buses, Marmon-Harrington closed in 1963 and in late 1964 he moved back to Florida. Charles was then 72 years old. He and Beatrice built their house. They put every nail in themselves and since then he has enjoyed much fishing catching several to brag about. One he has mounted is a nine and one-half pounder that is a beauty. Charles can tell fascinating stories if one can get him to talk.

Beatrice Viola O'Neill Frakes came to Florida with her parents from Canada late in 1920, for Mr. O'Neill's health. They settled three miles east of Haines City; lived on and owned the same place for almost 50 years. Mrs. O'Neill passed away in 1966 and Mr. O'Neill in 1969. Charles and Beatrice's place was the end of the road. They lived in a tent almost two years. They built their own house, drilled a well, and had a beautiful garden growing which was eaten and destroyed by wild hog.

(continued) ". and cattle that had free range. Dad did many things, but railroad ties, laid clay roads, cleared land, built houses. He set out many, many acres of groves which led him into bee business. For many years he had over one thousand swarms. A lot of the work Beatrice helped with. When she was seventeen she killed a five foot rattlesnake.

Beatrice and Charles Sherman were married in 1934. They stayed in Florida one year; then went to 835 S. Lynhurst Drive, Indianapolis, where they raised a family of six children. Somehow in 1942 Beatrice discovered she was not an American Citizen. She had to go to Citizenship School two hours a week for one year. Her parents also got papers in 1944. It was about this time that Mary Frakes sold her property. Each winter she spent with Beatrice, she called it home. The summers she visited with the other children or just fished.

"In 1959 Beatrice started practical nursing school for one year. She finished it with perfect attendance. Before she took the State Board Examination in October, she received a call that Charles' mother wanted to come home so she and Charles went to Ruby Beaver's and got her. Mary Frakes was 94 years old at the time. Beatrice took care of her for the rest of her life.

"Charles and Beatrice moved again, to live at the 'End of the Road' eight miles east of Haines City. Beyond their house is woods, but they like nature and most of all the peace and quiet, after living so close to the 500 mile race track in Indianapolis for so long. "

Letter of Beatrice Frakes Dec. 30, 1943: "No snow for Christmas here; about 36 degrees but snow is about 4 or 5 inches deep now and roads are slick. Plenty of ice. Heard Uncle Sol Esarey's wife, Lillie, is sick. I don't know details...Aunt Rose (Goldman) came up the other night for a little while. Christmas Eve Lloyd (Goldman) brought his children. Their house burned the night before Thanksgiving. Children are staying at Aunt Rose's. Barbara (Dillon)'s youngest son was home for Christmas. He is stationed in Louisiana. He doesn't like it down there. Aunt Rose's youngest son is stationed at Camp Shelby, Miss. He doesn't like it there".

Letter of Beatrice Frakes, Nov. 8, 1957: "You know we have a son in the service, but he is in San Diego, Cal. He is in the Marines...We are expecting Mom (Mary Isabelle Esarey Frakes) back from Lake Freeman (Ruby Beaver's home). She has some quilts to finish before she comes down. She does get around so good for her age. She will be 90 on the 20th of Dec. We have about 40 bushels of apples in the basement and 3 or 4 bushels of sweet potatoes. Our oldest son is married. Elizabeth, our oldest daughter is working at Indiana Medical Center in nurses training. The second wants to do the same thing; the next is in the eighth grade and the baby in the fourth grade."

Letter of Ruby Belle Frakes Beaver (undated)

"We hope you and your family are still all well and happy. We don't ever expect to see Hawaii or Europe and haven't the least desire to do so. An old neighbor on Marker St. dropped in recently. She had just returned from a trip to Hawaii sponsored by the Telephone Company from which she retired. From all Sylvia told us of the countries of Europe where she visited, we still have no desire to visit there.

"Im enclosing a small item about George Goldman's death. He was shot in Indianapolis by his brother Jerry. They are children of Lloyd Goldman. I have never seen another report of the killing except that the brother was charged with murder. Ethel Goldman Esarey was in St. Francis Hospital last spring and Beatrice Bell was taking her history when she found out who Ethel was. Bea went back later to visit a bit but she didn't stay long. Ethel's trouble was not serious.

"I did not know of the reunion at Alton, but have heard that Emma, Loren, Laura, Carrie and Thad went down. I haven't heard whether they are coming to see us or not. They were all here three years ago for the day. I will be 79 the last day of this month..
 RUBY BEAVER"

Letter of Ruby Beaver (undated):...."Sylvia came to Indiana on July 8th and she, her brother and wife and sister and husband went to Holland by plane and at other places in Europe for two weeks and come by plane. Sylvia had Don call Ted but she did not reach him. Don and Karen brought Sylvia up here on the 6th and along with Cindy Preston, came back for her on the 9th. Sylvia got home from Europe with the Flu and a terrible cough. Don had the doctor for her and she got better and was much better when she left here. Don looked fine but he says the heart operation was a failure, and he tries not to overdo' His appendix burst in early May and gangrene had set in but he came through the operation O.K.

"Russell and Judy came on Aug. 2nd and stayed all night. We heard thru Bea that George, Mary E. Cindy

257c

and Davey all went up to see Russell and Judy on a surprise visit and found them gone. Why does all our family always want to surprise each other? Russell and Judy were going to surprise his parents. I hope they found them home. Russell and Judy almost missed Mary Catherine and family also Elizabeth and Bill and Family. Elizabeth had them for supper the night before they were here and left very early the next morning for Kentucky, Mammoth Cave and other territory. Mary C. and Jim got home from the North Dakota Hills on Saturday in time to attend Bea's dinner on Saturday eve. for Russell and Judy.

Bea, Gene and Chris came for the day on Sunday the 12th. Chris is a fine little boy and will start to school this fall. On the 14th Jim and Larry Frakes and a cousin of Larry's dropped in. They had been up to Ivan's cottage a couple of days. Sylvia spent some time with Marianna. Donna, Peggy and Rosie all have baby boys. Chuck has a girl friend and will be a senior in college this fall. Larry plays tennis every day and has a job at the Steak and Shake on Aug. 31st. Mary and Mabel Beaver are coming Sat. for the day. We had 18 from my Sorority in July also my ex-bos and a couple celebrating their 50th Anniv. I was their bridesmaid...."

Last summer and fall he and Mary E. paneled and tiled

Flu for a week. I will be 74 next August and Marion 72.

Beatrice says Charley is fine. Ted will be 80 in May.
I did not hear from Jessie Morgan this Christmas.
Rhoda has not sent me a card for 3 years and Jessie did

not speak of her. Rhoda would be close to 85. I get a card from Emma and Carrie (Gibson) but have lost contact with any of Aunt Rose's, Uncle Babe's and Uncle John's. I saw Aileen and Della Margaret when Leathel died but just for a moment. I am enclosing pictures of Ivan's two daughters. The Price boy's folks are the family who own the National Homes Corp. Bob Dillon's daughter is to be married in August, graduates in June to become a school teacher. Would you believe my mother 36 great grandchildren? We got 5 babies last year and two coming in Feb. Vivian and J.R. in Fla. got a little boy Randy, Dec. 27th. Elizabeth's husband is the Cale who took the girls' pictures and has done very, very well. ...Ruby"

Letter of Ruby Belle Frakes Beaver, July 9, 1960:
 "Rhoda Hutchings sent me the history of her family as she had temporarily lost your address and asked that I get sam to you. I am enclosing her history and typing her letter to me. I have taken the liberty to type four copies of this, one for you, one for Rhoda as she probably didn't keep a copy; one for Emma and one for myself. I am sending you the original. ..I am sorry that my mother will not have even one member at the reunion. A week ago Monday Barbara came at ten A.M. and stayed until 5 P.M. and we haven't seen her since. She said she didn't know when she would be back. She is less than ten minutes from us by car....They are trying to sell their home so they can build near Largo. Charley and Beatrice have been up twice recently; his two youngest were here three weeks and their oldest daughter, Elizabeth, and a boy friend (with his boat) were here last week end for some skiing. Mother would not be any bother if it were not that she has to go to the bath room so often. She sits outside several hours each day....Ruby"

Letter of Ted Frakes undated: "Think of you often but cannot seem to do anything about it. My eyes are not so good Hope to have better results next year. I go in hospital Jan. 2-6. The Doctor thinks he can make a better job this time. I am batching and having a time. Never cooked before. Ted"

Letter of Ruby Belle Frakes Beaver, Feb. 12, 1960:
 "Dear Betty and Willie (Guillaume) We hope you have all fully recovered from the Flu by now. Marion had an intestinal spell for about three days but mother and I didn't take it. Mother has been doing pretty well since Christmas. She was having little strokes which started with tremors and which affected her left side, also her throat, but she hasn't had very many in the last month. It is hard for her to talk without getting mixed up; but her mind is very keen about all the relatives and friends

257e

we get mail from, and she still keeps up with current events from TV reports. Her eyes are getting worse but very good for 92. She cannot do anything for herself except she eats at the table. I dress and undress her bathe her, help her every time she moves from chair to chair and to the bathroom, and give her the bedpan many times during each night. She is so contented with everything and never complains about one little thing, that I hardly realize she is sick. She has a big appetite and looks well. All my friends say she is just marvelous, and they are right. She never lives in the past, as did Grandpa, but lives for today and all the tomorrows. Believe this is what keeps her so young in spirit. She gets many letters from her grandchildren and great-grandchildren and they all love her. Mother would love to come back this summer if the Esareys get together for their sesquicentennial celebration. She says if it killed her, that would be all right. Every time our doctor says she might get worse, mother gets much better, so if she gets much better, when spring comes, we just might bring her in some of the station wagons or a neighbor's ambulance so we could bring her bedside commode. These modern medicines have done wonders for her. She cannot see well enough to see the hundreds of ducks and 15 wild geese down on our lake, which is a pity, for they are so pretty. She does see the squirrels every day. These squirrels are hard on Charley though, when he visits us.

"Last summer Emma, Carrie, Loren, Vic and Lafe came to see Mother, later on Marie, Elva and Rhoda, Forrest Rohl and lately Ed and Ruperta, and all are hoping someone will start our Sesquicentennial. While I have a type writer I am kept too busy with mother to do much. Betty, would the conservation club accommodate our reunion and do you think we could get permission to use it, and whom should we write for that permission? How many Esareys and Ewings are there still around Branchville, who would help do the local work if some of the other cousins would do the letter writing to the various family branches? I have a copy of a handbill which was mailed out in 1910 and we could have one similar to mail for this reunion. Ed and Ruperta also mentioned the Leavenworth State Park and I know you have been there. Do you think this park would be more suitable. If held at Branchville, many would want to go to the graveyard. Today most of our folks are equipped with big cars, ice chests for food, and could bring chairs and card tables, etc. There shouldn't be too much for you local folks to do. Also those coming from a distance should be able to make reservations at Spring Mill, motels and places clear up to New Albany, so you folks would not be too greatly burdened. Betty will you please let me hear from you right away? Mother had a letter from Myra recently wondering if all of us could get something started. When I hear from you, then I'm going ask Ed Davis if he is willing to be the top guy. It could be that Emma Organ or Lillie Jones has already started something. Have you heard of anything being started? I think we could depend

wondering if all of us could get something started. When I hear from you, then I'm going to ask Ed Davis if he will be the top guy. It could be that Emma Organ or Lillie Jones has already started something. Have you heard of anything being started? I think we could depend upon Long John to work with Ed and then get an Esarey from each of Grandpa's sisters and brothers' families, the same from the Ewings. We have been going over the pictures and newspaper articles of the 1910 Centennial. You and Marie both look very pretty. I think Blanche and Fred would help to write letters.

"Emma Pollard Greiner was one of my special people when a little girl as she was Jennie's best friend. Mother was so very fond of her and I know would enjoy talking with her. I remember her quite well, and many of the good times those girls had.

I think you are very fortunate to have nine grand children. Have and and Willie done anything to help make good fishermen out of them? Marion and I have worked hard to make all my nephews and nieces like the great out-of-doors. Can't say too many of them are fishermen, but they will be when they get older.

Bethel wrote mother recently that they plan to come up and bring Lloyd, as soon as the weather is good. I hope they get to come.

I have an oil painting on my wall of our old home there. When I was about 19 a neighbor lady painted it for me from a picture we have taken when the Sprinkle family (I believe it was) lived there. You know grandpa built the house soon after he got back from the Civil War and all his children were born in this house except mother, Uncle Sol and Uncle John. They were all born in a one room log house which was very close to the well. I would like to know if grandpa's father, Jesse Clark Esarey, owned this ground before our grandfather did. It would show on the deed, whoever has it in your Conservation Club. By the way, do you and Willie belong and does Howard belong?

"If we held this reunion at the Leavenworth State Park, it may be Joe's son, Robert Clark Esarey, would help there. They say he is in the schools there at Corydon, I believe. Mother gets letters from Ethel and Vic Goldman and from her cousin Kate Esarey Langford from Princeton, Indiana, one of Uncle Mark's daughters. Ruby, Marion and Aunt Mary."

Letter of Ruby Belle Frakes Beaver, July 18, 1960:
"Dear Lillie and Myra: I sincerely hope the big Esarey-Ewing 150th Reunion will be all everyone expects. I don't know how many of our folks still live around Branchville, but hope there are still enough there to help get the big job there done."

"Guess I was only dreaming when I thought I might bring Mother, but when we had been shut in for so long

257g

(from Oct. until March), I guess we both wanted to go some place real bad. Mother became worse right after Mother's Day and for a while she was as bad as last winter. Her mind is just about gone, and especially during the nights she is in another world or I expect they say 'back in her childhood'. I was at Grandpa's when his mind was not good and he became very much worse before his death. Uncle Sol, so we all thought, had been slipping two years before he died, and it worried us all. Mother can walk again, but only with the aid of me and the walker. We have a wheel chair for her which helps a lot. I give her a bath each morning, dress her and she sits out in the sunshine or shade... She can say a few words, but like last night, she wanted something after I put her in bed but couldn't say the word. I guessed everything, but never the right thing. She laughs a lot especially during the time outside. I thank our Good Lord she does not suffer from any pain, except sitting idle. This she always dreaded. Charley's two youngest Vivian 12 $\frac{1}{2}$ and Mary almost 16 are here for three weeks. Mother pays little attention to them, although she knows everyone who comes in. Charley and Beatrice will come after the girls this week end. Barbara has been having company and it will be three weeks this Wednesday since she has been able to help. Before that she came one day a week from 10:30 A.M. until 5:30 P.M. and on three occasions, let me have three evenings, when we went to Lafayette. Ivan and his second wife and children are up at his cottage, I think, and will be there for two weeks. He stopped for a half hour two weeks ago on his way back to Indianapolis. Ivans will go back to Frloida before the reunion and the one time I mentioned it to Barbara, she didn't seem much interested. I still wish Leathel could get some of her family together and come. Charleys will be there if Beatrice can get the time off from the Methodist Hospital. She is carrying a big load, working eight hours a day with an hour to go and one to come, very much studying and trying to keep her household running. She loves to nurse, however, and has been asked to stay with the Methodist after she graduates. Their son, George and Mary got a new baby girl on July 16th at Oceanside, Calif. He gets out of the Marines the last of August.

"I am so sorry I cannot get there to register all the folks as I would have enjoyed doing this. Charley's Elizabeth, who is a Secretary with Blue Cross-Blue Shield will be on vacation. I believe, and doubt if it will be possible to have her, and Bea is in summer school at Indiana Central and works as a cashier after school and Saturdays and Sundays at The Standard Store nearby. Then she will be back there next winter to finish her nursing. This is the Evangelical-United Brethren College here. So I will not be able to turn the registration over to either of them. I'm sure you will not have any trouble in finding girls who can type these days.

257h

College here. So I will not be able to turn the registration over to either of them. I'm sure you will not have any trouble in finding girls who can type these days. I am enclosing a check for \$10.00 for you to buy the filing cards and the remainder you can use any way you please, even for the upkeep of the cemetery. If you have any handbills, I'd like to have a copy.

"I have written Ed and Ruperta and Emma Organ that we will not be able to come. If any of you can come up for a while this fall, we will be very glad. Emma Ewing Organ was put to bed with a heart condition for a month after Ethel (Fisher Goldman)'s death but is planning to be at Branchville.. Emma was my first teacher and I would surely love to meet her sometime.

"Betty asked us to stay with her two weeks after the reunion, so I must write her again, too. This would have been fun. I wish Betty and Willie could visit us here on the lake sometime.We have our brown house and cottage for sale, and have bought the bedford stone ranch-type house about a block away. This is a much nicer place to take care of an invalid, but our responsibilities have been great. We are about moved over now, but we have the responsibility of looking after our cottage and trailer-cottage campers from this far away. This has been much harder on Marion than on me..Ruby Frakes Beaver".

"P.S.Mother can't remember much any more. Emma Organ asked her if she remembers the time mother and Mag Bryant were making pies and carved their 'beaus'' names Tommy Frakes and Steve Bovinet on the top crusts. Mother doesn't remember...I think Emma is hurt that she doesn't know anything about the reunion. It is too bad that she and Lily are at odds. But when I think of how Lily used to run over my sister Jennie at school until Jennie almost pulled out all Lily's curls, of course I am on the side of Emma. Lily was the baby and very spoiled as I remember her. I imagine, however she is a good club woman or person to help with such as our reunions....I will probably turn everything I have of mother's over to Charley's in time, including the Frakes Bible which was 100 years old in 1928. They have raised a wonderful family. ...Russell and Grace have just gotten home from almost a month up in Canada and Alaska where they had a wonderful trip. Rhoda has been touring Europe. Earl's wife, Sylvia, was here one day recently. She became Grandmother to a baby boy just two days before you were a grandmother. I want to say that Bob and Mildred have fallen in love with Patsy. Vic and family are not far from us but haven't been over all winter or summer, but suppose they are very busy and haven't much money for gas. I had another letter from Emma this morning (July 18th). Letter of Ruby Belle Frakes Beaver, March 3, 1968:
 "Your history of the Esareys came in good shape..... Too bad we did not have one rich relative who could have helped you print it. ...I will pass my copy on to one of Charley's. I was close to Ivan's and Barbara's children and they are all just lovely to Marion and me, but I am much closer to Charley's kids. When Mother wasn't with us she was with them and the children were all so nice to her as well as Beatrice.

.....I had Leathel here for five days the fall before she died, and Marianna is still thanking me for it as her mother enjoyed it so much. .. I am enclosing pictures of Susan and Nancy. They are both quiet and sweet girls. Bill Cale (Elizabeth's husband) is the photographer who took these pictures and we all think he is good and tops all the way round....I just put in a call to see if they have their new baby and found Jeffrey Scott arrived Feb. 27th weighing 9 lb. 7 oz. She came home yesterday and both are doing fine. Their little Billy Cale will be 4 in July.... Charley's last five grandchildren have been boys and they all wanted boys.

"I am leaving for Haines City on March 11th with our neighbors, Ernie and Vi Kimble unless the weather is terrible. They bought our first home which we built. Marion doesn't want to make the trip but probably will fly down next winter. We are planning to stay maybe two weeks. We are contemplating buying three lots which adjoin Charley's land not for year round living, but for cottages or mobile homes for winter vacations. We will have one lot for sale and I am writing Carrie to see if she might be interested in one, also Pearl Cecil as it could be she and Marie might be interested.

"I have to write Russell and Grace and apologize for overlooking their wedding anniversary, which was March 1st. They are moving into a new home in Oceano (near Ocean side) by April 1st. They sold their desert home a year ago and have been renting in a Carlsbad retirement village for the last five or six years. Russ belongs to the Lake San Marcus Country Club, where he plays golf three or more days a week. He plays in many tournaments and holds the club title, the only one who has played a 77 on the course, tied with his pro, and made a hole in one during a tournament. Grace and I are very proud of him. ...Charley thinks Lake Marion is much more beautiful than Lake Freeman. I believe I like Freeman better as here we have the hills which is more like the Ohio River. Ruby Beaver. R.S. We do not know if you are on strike".

Letter of Mary Isabelle Esarey Frakes, May 17, 1950:
 "Dear Laura and Family: I came back to Ruby's yesterday. I have been visiting around among the other children and grandchildren since the 8th of March and find quite a few letters to write. Ruby has been so busy training to be a Girl Scout leader that she has neglected to write anyone. I don't think she realized how much of her time it was going to take when she agreed to take it. Then she works part of the time and has her housework so it takes about all her time.

Charley's oldest boy and Frank Dillon's girl are graduating from grade school this spring, and Bettie and Roseann Goldman, cousins, are graduating from high school. Ivan built him a new house last summer and is building a new shop this spring. Barbara is still working. She and Earl took a week off here a while back and went to Tulsa, Okla. to see Bob. They have another little girl That makes 10 great granddaughters I have and only one great grandson. I have been wanting to go to the lake but it stays so cool that it wouldn't be very pleasant up there. Marion put in an oil burner up there but so far they have had only trouble with it. So I don't know just when I will go. Mary".

Letter of Ruby Belle Frakes Beaver, "Dec. 14, 1960 (Grandpa's Birthday. ...I will miss Mother at Christmas when I do not find her at Charley's. I could not help with the histories. I do well to cook two meals a day and we eat out a lot. A young neighbor cleans my house four hours each week, this so I can have company, which Marion loves. I don't have as much as I used to, however. Our life here is very simple but we are happy with it. The Kimbles who bought the house we built sold it for \$26,000 last summer and moved next door to Charley in the trailer court.

"Charley and Beatrice came after mother Oct. 7. My nerves had exploded in the shape of shingles on the left side of my head and in my left eye. When this happened to me the first of October I called Beatrice and she and Charley were up here within a few hours. We do not think mother ever had much pain, but her breathing was very difficult from the time she had a bad stroke on her right side (it had always been on the left side before). After Mother went to Charley's I slept almost constantly for two weeks and then much of the time for another four weeks. The left side of my face, all around my left eye and to the crown of my head, I had blisters and the vision in my eye was lost and not until two weeks ago, did my eye specialist say he thought he could save my eye, except for a slight impairment. I put off going to see mother too long, for while she knew us, she could not talk after the stroke. I did not worry once after she left here as mom dearly loved

Beatrice and Beatrice loved mom.....Mother never felt the need of money as she always had money in her purse thanks to the checks coming from Russell and Grace and money gifts at Christmas and Mothers' Day. She felt like she was well taken care of.....Ruby Frakes Beaver"

Letter of Ruby Beaver: "November 18, 1949 Mother came out of last winter's sickness better than ever. When she went to our cabin in June, she was coughing and her hands were still swollen and she couldn't close them and she just wasn't too good...Within two days she had practically stopped coughing, did her own work, part of her washing and ironing, made rugs, etc. and when she came home had gained ten pounds. Sharon was back from California again this summer...she is 12 now. Russell finally flew home for just one week. I was all a surprise to us and Mother and it so happened that we were on vacation that week and Charley and Beatrice and youngsters were too, and there were 13 of us at the two cabins from Sunday till Friday night. We did not have very nice weather, cool and rainy, but still Ruck and I took the kids swimming almost every day...Russell hasn't changed any, it seemed to me, has that same little giggle, squints his eye and wrinkles up his forehead, with no gray hair to notice...Bob Dillon is graduating from Okla U. They are expecting Christmas.Later A new baby girl came the 28th of Dec. named Marilyn Louise Dillon. You will note I had good intentions around Nov. 18th... Besides working from 8 to 12 days a month recently, I have been helping a neighbor with a Brownie Troop of 18 girls. I am starting Tues. a Scout training to enable me to be a leader over an intermediate troop, starting this fall. I will also qualify for a licensed camper...We think Beatrice and Charley are doing a good job as parents. Russell is the athletic minded, so we gave him tickets for the Sectionals; George and Beatrice Belle are the best students. George reads all the time.

"Donald bought a flower shop a month ago. Today his two brothers, Ivan Jr. and Jim with Marianna's husband and Barbara Joe's husband, are helping him remodel and fix up his store. Marianna's husband, Francis, bought and runs his father's grocery. ...Ruby".

Letter of Theodored Frakes, Lot 33, 12300 Seminol
Blvd. Largo, Fla. 33540. "April 11, 1972: I am afraid
I can't answer some of your questions about the Ewings.
Sam Ewing and Barbara had three children, Emma, Johnnie
and Olive who taught school at Branchville. All
o us kids loved them very much. The Faulkenburg kids
all went to school to them also. Jim Faulkenburg had
a brother Otto who never had a family as I remember.
I don't remember where they emigrated from;.

I don't know where - Uncle Charles' kids lived and
Uncle Babe's kids all live around Indianapolis somewhere.

Aunt Roses family still live in Indiana. Howard
lives on the old Esarey farm. Betty lives close by,
on Aunt Dora's farm. Betty Guillaume was Aunt Rose's
oldest child. Uncle Felix Esarey is a brother of
Grandpa Esarey and lived near our farm at Branchville,
Perry Co.

Isaac Faulkenburg you talked to in Chicago is not
known to me and I doubt if he is any relation to James
Faulkenburg. I don't recall an Alto Esarey, must have
been before my time. Beatrice can give you more
information than I can. Barbara, Earl, Ivan and I
took a load of oranges and grapefruit to Indianapolis
last month also. One of Ivan's grandsons was married
while we were there. They really had a huge wedding
at the church. I have so many nieces and nephews I
can't keep up with them....Ted. "

From a newspaper clipping, evidently a Monticello paper who did not know the family: "An aged member of a pioneer Perry county family died in Indianapolis recently. We had the account of her death in the News last Tuesday. She was Mrs. Mary I. Esarey Frakes. Mrs. Frakes was a sister of the historian, Logan Esarey. At the time of her death she was 92. Coming of hardy stock, Mrs. Frakes was a battler to the end. Her daughter, Mrs. Ruby Esarey Beaver of near Monticello, Indiana writes that she spent the spring summer and fall of each year with her at Lake Freeman. Mrs. Beaver said that until she was past 90 Mrs. Frakes walked up and down 89 steps from the hillside, Beaver home, to the lake. She was never out of breath when she would reach the top because as she told other, 'I learned to climb hills when I was young. There is a right way and a wrong way.' Mrs. Frakes belonged to the vanishing American who was born in a log cabin. Her birthplace was in this county in a one room, log cabin with a lean-to. She was a person that lived through many changes in our state and nation and from what we have read about her, she took them in stride."

Letter of Ruby Frakes Beaver April 1, 1960: "We are trying to make the reunion for Esareys and Ewings both. At Branchville it would be on our old homestead and would mean more to Mother. Two years ago they cancelled the Ewing reunion about threedays before it was to be. Charley Howe got word to us that Emma Organ was not well enough have us at Red Roofs. Lily Jones asked me to make her a copy of the newspaper article which Uncle Sol had run in the Cannelton paper in 1910. I am sending you a copy also. I am sending you a copy o f two stories of things that happened when Mom was growing up. I was asking Mom who some of the old people were at the 1910 reunion and she explained just who they were... I have suggested to Lily to register all the folkson a 3x5 card, names addresses, children and ancestors. This would help the 2010 committeeto plan for that reunion. If I get to go I shall be glad to be responsible for the registration I will take down anything important on stenotype and make copies next winter.

"Will you call Patsy and tell her to look Barbara's Bob Dillon in Edid? They live RR2. Bob has a girl about 13 and one about 10.

"Now I will answer your questions: Gertie (Gertrude Cassidy Goldman, Logan's first wife) 's husband (her second one -- did not adopt Logan's children. The girl is married with a family and they say she is a lovely person. Aunt Rose used to visit her. All three

boys were in trouble with the law. (Uncle Sol and my father Logan Esarey put all the other cousins through school or helped to, but they never did a thing for Aunt Rose's children that I know of. There were so many of them and so much work to do that Aunt Rose and Uncle Jim thought it was criminal to sit down to read a book. My father had their attic filled with the Reading Circle books he got to review for the Indiana Magazine of History but the only two weeks I was ever there the children were not allowed to touch a book. Uncle Sol and my father thought Dora's children should get the help since they had no father, but I can see how Aunt Rose's children felt the unfairness of it all). One of the boys was shot by state police, one killed by the F.B.I. and Cletis I think is in the penitentiary. When Logan was killed he owed everyone and was forging checks again just like the first time. Some thought he just took that way out. (Uncle Sol tried to help too late. He put Logan on a farm at Mooresville, where all he could see was what he had been missing by being in Branchville) Mother doesn't know when the Guillaumes came to Indiana but were there as far back as she can remember. You went to the old Guillaume farm where Willie and Betty had built a very small house-- at least when I was there in 1920 they were there. (I was there in 1916) Later they bought Aunt Dora's place. The old Reilly house where Bob Reilly and his father before him lived was torn down before I can remember (Mother doesn't know when) but Aunt Dora, Mother and we children went up toward the cliffs before we left for Kentucky where this house used to be. It was between Aunt Dora's and the Ollinger house.

"Lloyd is not living with his children but with friends at Martinsville. Bethel wrote a nice letter since Christmas and said when the weather got nice they would bring Lloyd up but as yet they haven't come.

"Just before Aunt Rose moved to Mooresville, she said Ivan McCoy came to Branchville to get an affidavit that Grace had never joined a church. If he could prove she was a heathen, the Catholic Church would let him marry in the Church and he was wanting to remarry. Aunt Rose wouldn't give him any satisfaction. She didn't say anything about his having tuberculosis. We don't know anything about Grace. We met some of Vic Gibson's family last summer and they all seemed very nice. He is principal and Clara teaches the 5th grade at Roselawn and lives R.R. 1 Brook, Ind. They have a boy graduating from Purdue in June. The little girl crippled from Polio will graduate from Teachers College at Terre Haute and a daughter will graduate from H.S. at Brook. Their

youngest boy is about 12. Barbara had all of Lafe's family and part of Vic's for a picnic last August. ...We lost Mother Beaver last June. She was 80½... Ruby and Aunt Mary"

Letter of Ruby Beaver, Feb. 22, 1960: "Chances
are very slim that Mother and I will get to go to
the Reunion, but we can dream. Aunt Lillie gave me
grandpa's family record, also the family portrait,
and all the carbons you had sent Uncle Sol. and a
few other papers.

Indianapolis. ..Barbara and I haven't joined the D.A.R. . The younger generation is too busy. I hope that Emma can get a Hughes bar. It says on grandpa's record that he was married by Rev. Hughes, no first name. I have never heard Rhoda or Pearl ever mention the DAR but I think Ella Dhonau was interested. Mother can't remember anything about the early Ewings. She said herday she wasn't as nosy about her relatives as I am. She says she has heard of Mary Daggs but didn't know she was a grandmo her. Mother says when she was little, grandpa and Uncle Adam Shoemaker went to Kansas to see if they wanted to move their families there but grandpa didn't like it. He could have gone to this Jesse Esarey's, maybe, but Mother doesn't remember that he visi ted any rektive....

Mother says she never heard thestory about the runaway horse oranything about William Daggs. Mother says a lot of Frakeses went west when shewas a little girl. Jim Frakes, but can't remember of any Esareys going. Grandma Esarey's sisters were taken to Illinois when they were little girls. Aunt Sophronia (Jamison) used to comeback and visit Grandma from Illinois. Ellen was Eva Rowe's mother, but she nevercame back to visit. If Eva Rowehad any papers, etc. she never showed them to Mom. However, Rhoda Hutchings, 350 San Miguel Road, Watsonville, knows about all the Illinois Ewings. That whole family were orphaned when young and in those days papers were not important, I guess. If Emma Organ has a Ewing orEsarey history we hever have heard of it and we doubt if she has one. I think it got out that Beatrice was writing an Esarey history when all shewas doing was keeping track of the little onesborn afterthewar or something. I don't know i she is still keeping ttrack of them or not. Lloyd has several grandchildren now and he and one daughter hope to comeup to see Mother...You may know already but Charley Howe had a stroke before Christmas and is still in a bad way, especially his mind. Then Ethel Goldman Esarey was in the hospital several weeks with a nerv.ous breakdown. Ivan Esarey has been to see Ethel and she was a lot betterbut still very nervous Beatrice is in training to be a practical nurs4 in the adult educational program. She has had herfourmonths classtraining and four weeks now at the Methodist Hospital where she will finish hertraining at the end of August, five days a week, eight hours a day. When she gets herdegreeshe will make 2/3 of what a practical nurse usually makes. Charley is nearly 68 and working steady. They have only Mary and Vivian at home. Letter of Ella Dhonau July 13, 1945 continued:
 "a few interesting experiences. Jan. 1st I went to work as Secretary of the Perry Co. Highway Dept. and also acting as second deputy auditor. Like the work a lot and helps to fill in the empty space left in my life when the children all left home. I have three grandchildren. Eva has a girl, Bettie, 15 years old and a boy Bobby Leo five years. Edward has a little girl, two, Sharon Elaine. They spent a week with us the last of June. We have a modern apartment next to the bank on Washington St. 5 rooms and bath. Last week Uncle Jim Goldman was here. Yesterday Lula came in. Uncle Sol gave them the same deal he has always given anyone who had dealings with him. Logan Goldman was the only one of the family who ever beat him at his own game....Ella Dhonau"

Letter of John Elmer Esarey, Feb. 4, 1939.
 "725 S. 41st St. Louisville, Ky. I received your letter last year (or was it the year before last, and am hastening to answer you. Have been here since a week before Christmas. Am expecting to see them hang out the 'move on' sign any time. I enjoyed my visit to Logan and Laura at Bloomington very much last fall/ I was helping Sol in his orchard. Had charge of the down apples. Last year he lost about 3,000 bushels that way. This time he didn't lose any. I kept telling him I wanted to spend a week with Logan, but he said Logan wasn't leaving till after the election and for me to finish the down apples. I was turning in \$15 and \$20 a day and sometimes \$30 a day and as he wasn't paying me anything for my work it was all to the good, so I finished about Oct. 20 and told him I was ready to go to Bloomington. He told me Logan had been gone over a week and was in Florida by this time. Then I said things just like I used to when Dad's mules would balk (I wonder if there is a record of them anywhere. It might be interesting). I came down to Bloomington with Alliene. She had a sister-in-law in the hospital there. I spent a few hours with Rosalie. Didn't know where to find Ralph and anyway I would have been afraid of Billy. He's got so big. (six feet four).

"We are enjoying a good snow. The first one of the year. I wish I could send you a sample. The river is getting big and people are beginning to look for a place to go. Not everyone is as wise as the people of Leavenworth. They moved their town on a hill 400 feet above the river. At present the carpenters who rebuilt the town are placing mortgages on the town for their wages. The H.O.L.C. or the W.P.A. or the P.D.Q. or something promised to pay them and has not done it so there's trouble. (That was the year that Logan Esarey's car was the last one to cross the bridge at Louisville before the flood stopped traffic".

 "gets his tuition, room, board, clothing, books and a little spending money from the U. In return he is supposed to play football and basketball. His old high school football team won something at Baton Rouge. I watched him play here at Louisville last year. The only nice play I saw was when Allen was carrying the ball. He was tackled about midfield and was so long he fell clear across the goal line. I have been interested to watch the W.P.A. here. They are tearing up a perfectly good sewer in 43rd St. and are putting down another equally as good. Have about 90 men at work and they as much as any 9 men could do, but maybe I'm stepping on your toes.

"I note what you say about getting a habit. I've had a little touch of the habit myself. It has always seemed to me that if one has made a mistake, the sooner it is corrected the better. What's the matter that the husband can't catch any fish? Don't he know how to jerk? Does he spit on his bait like all good fishermen do? I'll bet he doesn't know what to say when he starts fishing.

"I am not sending any pictures. Florence lost all her children's pictures in the flood so she asked me if I'd let her have any we had. Of course I brought them all the kid pictures of the rest of the unwashed. I distributed them and there is talk of 3 divorces already. Howard Esarey (Babe's son) and his wife took one and the next time I saw him his hair was all pulled out and his wife was in the hospital. Florence says if you ever come through Louisville, to stop and see her. I'll teach the hubby how to fish. With love, Uncle John".

From Reminiscences of Mary Ellen Esarey Ewing to Logan Esarey at Vincennes, Indiana, Sept. 8, 1930:
 "Old Grandmother Faulkenborough and Grandfather came from Camden, North Carolina. She had been married before. Had one child, a daughter. She was married to Jim. They had another daughter Mariah, and when they got ready to start on their journey in a two wheeled cart with a flea bitten gray mare, her mother would not let her take both children and she kept the one daughter and they never got to send for her. She always wrote to this lady in North Carolina."

Letter of Mary Katherine Dhonau, Beaumont, Tex. Jan/17, 1965: "I found a letter in Mother's desk from Myrtle Roe, a distant cousin as she calls herself. She is no longer in Colorado but in Florida. She mentioned being in her 87th year. The letter was postmarked Jan. 11, 1964, and I'll say for an 87 year old, she has an amazing mind. I'll keep this until we can get together and see if it's any good."

Continuing reminiscences of Mary Ellen Esarey Ewing sister of John Clark Esarey and who married Barbara Ewing's only brother John William, on Sept. 8, 1930 talked at Vincennes with Logan Esarey: 'Sarah Willett, daughter of John Esarey and Sarah Hester Clark) Richard's wife got pneumonia and died. They went on a visit to see their son in Illinois (Thomas Willett who married Nancy Ewing sister to Barbara and John William's father, Samuel) and when they got back their folks were nearly all dead. They had a sale and sold out before they got back here. Two sons were with them (James Esrey Willett and Thomas Willett or possibly Edward Willett or William?) Sally Willett was a rich woman and had nothing when she came back. They had 12 slaves. Mary (Polly) Willett married a Sprinkle, John Sprinkle. When I was a child she had a whole trunkfull of money"...Sarah Shaver Esarey (married to Jonathan Davis Esarey) was a sister to old Sally Jenkins. Nancy Allen Shaver (mother of Sarah) pulled the wool off the sheep's backs and knit sox for the soldiers in the Revolution. Aunt Mary Ellen said, 'I was eleven years old when Grandmother Shaver put her arms around me and told me this'. Nancy Allen Shaver lived in the Shenandoah Valley in the Revolution.

"William Kellenberger married a Jenkins, a daughter of Jacob Shaver. He was through the war. William Kellenberger was the same age as I am, and he was all through the war. He was a fine scholar. His sister next to him died. The Makemsons live in Harrison county....Matilda Faulkenborough Shoemaker raised Aunt Barbara Ewing.... Billy Shaver moved west and they all went west and in a short time two or three families of them were dead. He came from Kentucky to Indiana with a child. Polly Ann Shaver died here. The Shavers went back to Elizabethtown, Meade County, which was cut off in 18-? Theyd had farms on Doe Run and Rolling Fork. They were hunters and hunted into Indiana every fall. Jonathan Davis Esarey sold his farm to someone in Philadelphia. Virginia Land Grant people came in and pre-empted the claim. And he went back two or three times after they moved. He crossed at Rono and went by land. They had horses and cattle and were pretty well fixed. Walkers Jenkins, etc. all moved together.

"The Esareys, Walkers, Ewings, Faulkenboroughs, Jenkins and Frakes came in together. (Mary Ellen Esarey Ewing may be correct. Tom de la Hunt in his History of Perry County, says p. 22 'John Esarey emigrated--crossed over to the Hoosier State in January 1810...p. 24 Robert Walker entered land in 1813; William Deen in 1815; p. 25 James Reilly 1817; p. 27 John Frakes in 1817). Sprinkles Hortons and Elders came later. Sprinkles crossed at Evansville; Mike Sprinkle had three boys, Lafayette, Art and Jesse and each of the boys had a son Mike.

"Billy Shaver lived right by us. (William Shaver married a Killenbarger in Hardin Co. Ky. 1819) She lay

Continuing k Reminiscences of Mary Ellen Esarey Ewing talking at Vincennes with Logan Esarey Sept. 8, 1930: "in bed all her life and they carried her to church on a bed. She had three children....Someone came back to Sam Ewing's and told about the Donner party....

"Jonathan Davis Esarey's mother's name was Sarah Cla...Jonathan Davis Esarey's last wife died in the coldest weather there was, and she wanted to be taken to Cannelton. The day she was buried her son-in-law who lived on the Bob Quinlan place and who had promised her to take her to Cannelton was drowned. He was Mat Lynch. The grave is on Bob Quinlan's place and the grave is still there and had a flower yard where it is. She is only buried about a foot deep because they expected to take her to Cannelton.

From a clipping in possession of Miss Helen Esarey, Alexandria, Ind.: "Obituary, Jesse C. Esarey Brother Esarey was born in Perry county, Ind. Feb. 25, 1817 and lived in sight of his birthplace until the time of his death. He died April 5, 1869. Brother Esarey married Susan Hughes daughter of Rev. John Hughes, January 2, 1840, who with 12 children survives her husband. In early life Brother Esarey was a very moral man, and came near resting his hope of salvation on morality; but in 1849 through the instrumentality of Brother J. W. Powell he sought and obtained peace in believing in Christ. For nearly twenty years he lived a consistent Christian, beloved by all who knew him. He was confined to his room eight months with consumption. During this time he was always cheerful and happy, never once doubting his preparation for death. For the last few weeks of his life he suffered very much at times. On the Thursday before he died, he was so happy as to forget his suffering for several hours. In the evening he called each member of his family to his bedside and gave them his parting blessing. He would frequently request his children to sing for him alone. His favorite song was 'We speak of the realms of the blest'. Several times he repeated the last line with them, and a short time before dying he sang the last two lines of this song: 'And shortly we also shall know And feel what it is to be there'. J.T.Bean"

Reminiscences of Mary Ellen Esarey Ewing, Vincennes Ind. on a visit with Logan Esarey Sept. 8, 1930: "John Hughes (father of Susannah who married Jesse Clark Esarey) was a preacher and fought with the Indians. He married Aunt Mary Ellen and John Ewing and Barbara and John Clark Esarey. He was a Methodist. Nathan Hughes was a preacher. John Hughes' house burned. Three books were given to each child out of John Hughes' library. Aunt Mary Ellen had a "History of Kentucky" and Fleetwood's

(Letter of Laura Elva Esarey Pollard Wheatley continued:)
 "I've retired and we have a little home here in Tell City. I have flowers and a big garden, so I keep real busy. I love to work outside. In the winter I crochet, embroider and quilt. I get lonesome sometimes but have a lot to be thankful for.... I don't know anything about the Ewings. I only know what you have of my family, and Aunt Ellen Ewing and Olive and Emma. They were lots older than us, so I didn't know them so well. I don't know anything about Lincoln's family. If I had time and could drive I'd love to look up records and dig into the Past".

Letter of Elva Wheatley Sept. 23, 1972:/.I'm sending a picture of my father. I don't have any without the hat. The negative is of grandfather Esarey and Grandmother and all the family. I had it made off a tin type picture. It's not really badd ..Pearl came down Friday and stayed all night. I was so glad to see her. Rhoda is so busy she hardly ever gets away. Marie and I went to the State Fair. We had a real nice time/ We go every year. My husband fell at worknd fractured his hip. So I have my hands full now...."

Letter of Wanda Zeller Clegg: "We have been in Hawaii two
 two times on vacation and dearly love it. About four years
 ago we stayed at the Reef Hotel on our first trip and
 last Christmas we were at the Outrigger on the beach.
 We think Hawaii is as near to heaven on earth as you can
 find. We are saving our pennies for another trip.
 Mother lives at 1300 N. Walnut. Dad is the one who retired
 to Florida. Mother, Dad, Bob and I own Stony Crest Motel
 and Mother, Bob and I bought the motel across the street
 from Stony Crest last year making us now have 98 units. Bob
 in addition to running the Motels with Mother is serving
 his second term as a Republican City Councilman of Bloom-
 ington. I'm afraid my only claim to fame is that I hope
 I've been a good wife and mother. Now, Rod, is another
 story. We burst with pride over him. Mother says he is a
 true Esarey; he has a great love for and knowledge of history
 He was born May 9, 1950. He is now in his Junior year at
 Indiana University. He lives on campus at his fraternity
 --Kappa Sigma. In High School he was named to the National
 Honor Society and named a Hoosier Scholar. He has dis-
 tinguished himself very well in a University of over 30,000
 students. He is majoring in the School of Business and
 has over a 3 point acum. Last year he made the Dean's
 list which takes a 3.4 out of a possible 4.0. grade average.
 He has been involved in many activities. I can't remember
 all so ;I'll give you the top ones. A member of Phi Omega

 for ;the Y Freshman Camp for Freshmen, chosen for steering

 recently named to the Indiana University Foundation -- this
 is the top appointment at I.U. and one every Junior covets.
 300 top Juniors are appointed to this. I'm sure I'm
 leaving out a great many but this is a sampling and you can
 see why we are so proud of him. He always has said he

wanted to go to Law School but recently he has been mentioning a possibility of graduate business school with advertising in mind.

"Frank is still in Winter Haven, Florida, and a very outstanding Surgeon. I know because last summer I had to have surgery on my arm -- a nerve and muscle problem -- and he stood in on the surgery although another Dr. was responsible. He saw service in Japan and Korea rather than Hawaii (I had said Hawaii in the Esarey history).

"Frank III (Tres) is a Junior at the new Florida Southern University at Tampa and is quite a talented young artist.

"Cindy is a Freshman at Colby Girls School in New Hampshire. She went to High School at the Adirondack Southern School for Girls at St. Pete. She was an honor student there. Last summer she was in a terrible automobile accident in Winter Haven. She was very seriously injured. The seat in her Volkswagen came unbolted from the floor in a head on accident and pitched her part way through the windshield. She had severe cuts on the head and above the eyes, however she is healing beautifully and will not be scarred. Her leg between the knee and hip was shattered and twisted terribly. She has a plate on each side of the bone holding it together. The accident was in June and they feel she will be able to be off crutches at Christmas time. We all know how very fortunate we are that she is still with us. Her Daddy didn't leave her bedside for days.

"Thane is attending a private day school in Winter Haven. He is an honor student and quite bright. He wants to become a doctor like his Daddy.

"I just noticed another correction from the Esarey history: Bob has a B.S. degree and an M.B.A. degree. He got his Masters degree in Business in 1949 from I.U. He served as a Lt. in the Corps of Engineers in the Philippines and in Japan. I just finished a two year term as Regent of the Bloomington Chapter DAR.... Wanda Zeller Clegg
